

# Illumina and University of Pittsburgh Genomics Symposium

Join us for an exciting day on **Wednesday, October 9, 2024**, at The Assembly, at the University of Pittsburgh.

The Illumina and University of Pittsburgh Genomics Core Symposium is an excellent opportunity for you to learn more about the latest advancements in genomics and multiomic research, discuss methods and protocol optimization, and network within the genomics community.

## WHEN

Wednesday, October 9, 2024  
9:00 AM - 5:00 PM

## WHERE

The Assembly  
5051 Centre Ave  
Pittsburgh, PA 15213  
**Meeting Room:** Auditorium and Crane Shed

Continental breakfast, breaks, and lunch will be provided.\*

## Register now

Space is limited.

To register, please scan the QR code:

Or visit:

GenomicsCoreSymposiumPittsburgh](https://eventregistration.illumina.com/GenomicsCoreSymposiumPittsburgh)

## This year's highlights include:

- Product and Innovation roadmap updates for Single Cell, Methylation, NovaSeq™ X Series, NextSeq™ 1000/2000 platforms and more!
- Exciting and educational presentations from the local Pittsburgh research community, discussing the latest in sequencing and genotyping methods and applications across a wide range of disease states. We have amazing speakers with topics ranging from:
  - Single Cell Multiomics
  - Spatial Transcriptomics
  - Epigenomics
  - Bioinformatics

There is no charge to attend this event, however registration is required.

\*As a friendly reminder, HCPs from Vermont and HCPs who are government employees may not partake in the meals and beverage. Thank you for helping us comply with the Sunshine Act and other transparency laws.

For Research Use Only. Not for use in diagnostic procedures.
